Subject: Permission for conducting research

Dear Mr. Browne,

I am pleased to inform that I give you permission in respect of your research request of studying the flora and fauna around the Livingstone Lake under the principal investigator Mr. Lawrence Dawkins of Winstonville College. Your initiative is appreciable and I am ready to support this research at my best.

As I also cherish the same thought, the Livingstone property is the great resource of the flora and fauna and if your group explores this thing scientifically, it would be a great thing. Please visit website www.lakelivingstone.org that tells you about the rules and regulation of the property and gives you some important information that may help in your study.

We wish you all the best in your research.

Thanking you,

Yours truly,

Riley Jones
